LEAHY ORDERED HOME FOR CONSULTATION

Darlan Designated
Petain Successor
As Chief Of State

BY ROGER D. GREENE
Associated Press War Editor

The United States recalled Ambassador Admiral William D. Leahy from France today "for consultation" as the Vichy government resigned to Marshal Petain, apparently putting a "brake" on the resurgence of pro-Nazi Pierre Laval to power, named Admiral Jean Darlan as commander of French land, sea and air forces.

Vichy dispatches said Ambassador Leahy had been ordered home to consult with the government—not necessarily meaning an open break with Washington-Vichy relations—and that he was expected to leave within two or three weeks.

Admiral Darlan was also designated Petain's heir as chief of state, and neutral observers saw in this the possibility that the 85-year-old marshal, in a final anti-collaboration gesture, sought to prevent Laval from assuming complete dictatorial powers.

As the Vichy drama sped toward a climax, bristling with the likelihood of world-wide repercussions, fresh outbreaks of terrorism were reported against the German occupation armies in France.

Nazi authorities in Vichy announced that 35 more hostages had been shot in occupied France in reprisal for attacks on German troops, and anti-collaboration demonstrators were said to be marching again in Paris.

London heard Vichy reports by way of Switzerland that Laval could attempt to maintain "friendly relations with the United States" and might even try to re-establish peace between Germany and the United States.

The crisis remained acute, however, with Washington ready to take swift action in the event Laval discloses any program of French-German solidarity hostile to the Allies.

Admiral Darlan also was designated as heir to 85-year-old Marshal Philippe Petain as chief of state, a Vichy communique announced.

Although bitterly anti-British, Laval is said to be adamant against handing over the French to Germany. It remained to be seen, however, how far he would collaborate with the collaborationist Laval.

The possible "joker" was that Laval resigned his vice premiership and all ministerial posts to come head of the nation's forces and presumably he would be bound to obey Laval's orders.

All other members of the old government also resigned, with Laval's formal thanks for their services.

Free French quarters in London indicated that one of Laval's first acts will be to send French warships into the Mediterranean and Atlantic to try to provoke an incident with British naval forces in order to drive France into war on the Nazi side because he "would dare to hand over the French to Hitler outright.... The people would not stand for it."

In Washington, observers frankly considered the possibility of a cooling war between the French and Allied navies as a highly comical source said there was evidence that Laval planned to throw a French fleet into a campaign to recapture French possessions in the hands of Gen. Charles Gaulle's anti-Vichy Free French forces.

Whatever may happen, high arters in Washington declared a United States was ready for action and would not hesitate to act—especially if Laval's actions involved French possessions in the western hemisphere, including Martinique, Guadeloupe and French Guiana.

Dispatches from Bern, Switzerland, said anti-collaborationists were on the march again in Paris; violence was reported, and three mysterious fires were said to have broken out, one of them raging through the historic Fontainebleau near Paris.

Other major developments: Attack on Italy—Premier Mussolini's high command announced today that "an attempt of the enemy to make a landing on one of the islands south of Crete was unsuccessful."

Presumably the attack was made by British sea-borne forces.

DISCUSSES MACARTHUR

Washington, April 17.—(P)—Secretary Stimson said today that "so far as the army is concerned we are getting pretty near to the stage of being ready for an offensive, however difficult it may be."

In a review of American military progress since Pearl Harbor, given in general terms at his press conference, Stimson said:

"Things are beginning to move and to move in the right direction."

The secretary also said that General Douglas MacArthur was in complete charge of the "strategic direction" of the United Nations' war effort in the southwest Pacific but whether New Zealand was included in his command was a "military secret."

He said a formal directive was signed April 3 with the Australian and Dutch which fixed the general's authority, including "practical coordination" of the campaign in that area against the Japanese.

"I am now more than ever convinced that we are going to get on the offensive and to do so at the earliest practicable moment," he added.

He stressed, however, that preparation for offensive warfare in a conflict which involved the entire globe was a long and difficult process.

"Before we can lead this nation into a long sustained offensive we must be as sure as possible that certain key points in our armor are as safe as possible," the war secretary said.

"We must make sure that our resources and manufactures are protected against any interruption (Turn to Page Eleven)

OTHER BILLS OFFERED

Washington, April 17.—(P)—A move to subject labor unions to prosecution under the antitrust law was offered by Rep. Monroney (D-Okla.). Unlike the profits-labor legislation pending before the naval committee, it was designed to extend beyond the war as permanent legislation.

On the senate side, a subcommittee drafted legislation giving the government veto power over wage and salary increases and restricting the extension of closed shop agreements.

The measure, a modified version of a bill by Senator Ball (R-Minn.) will be referred to the full labor committee on Monday and, if approved, placed immediately before the senate.

Chairman Thomas (D-Utah) said committee members felt they should offer a "more constructive" bill than one by Senator Connally (D-Tex.) which provides for government seizure of strike-bound plants and which also is due to come up Monday.

INVASION ON PANAY

Washington, April 17.—(P)—The war department announced today that more than 65,000 troops and civilians, including 16 generals, had been unreported for more than a week on Bataan peninsula and were "presumably in the hands of the enemy."

This figure included approximately 35,000 combat troops, about 5,500 sick and wounded, a number of supply and other non-combatant troops and some 25,000 civilians, a communique reported.

No reports of casualties in the last few days of fighting have been received, the communique said, but it was believed likely that losses were heavy on both sides.

There were 65 army nurses on Bataan, and all of them were evacuated to Corregidor island on April 9 along with a relatively small number of troops, the communique said.

American-Filipino troops were reported today to be fighting off an attack on Iloilo, Panay island city and last important Philippines point still in American hands.

A war department communique late yesterday said Japanese troops landing from eight transports were engaged by American-Filipino forces defending Iloilo and Cebu, the main Panay cities.

It was considered likely that the Japanese were depending on destroyers for naval support in the landing. The Iloilo river is too shallow for vessels drawing more than 15 feet.

The war department reported that Japanese air attacks on Corregidor were continuing.

Secretary of War Stimson told his press conference today the war department lacked "convincing information" (Turn to Page Eleven)

Immediate Development of

Important Task

MORE TIME IS NEEDED

BY WICK TEMPLE
Harrisburg, April 17.—(P)—After a year of preparation, Pennsylvanians "cannot say we are fully prepared for attack now," Dr. A. C. Marts declared today on the first anniversary of the State Defense Council which he directs.

However, the civilian defense chief termed the achievement of the people during the past year "a bright and proud chapter in the history of the state," and expressed hope "for a few more months" in which to ready the commonwealth for any war emergency.

"During these 12 months since the state council was created," said Dr. Marts, "814 county and local councils of defense have been established and are at work. At the time 330,000 volunteers have sprung to action in the air raid protection services—a thing wholly new to our country and state—and are being trained for their duties."

Dr. Marts fixed as the state's immediate task "the development of air raid protection services to full strength of 700,000 and finishing training of volunteers, completing the setup of control with one in each county from which all protective services would be operated and issuance of regulations authorized by the new air raid precautions act" so that every worker and every citizen will know his duties and responsibilities.

He termed passage by the recent special legislature of the air raid precautions act "the most important step for civilian defense since enactment of the State Council of Defense act itself."

ONE FIELD DESTROYED

Outnumbered British defenders of Burma have effected a new retreat and destroyed the rich Yenangyaung oil fields in central Burma, it was announced officially today, while British Minister Richard G. Casey declared the Allies must assume that Japan can strike in "major offensives against Australia and India simultaneously."

British headquarters acknowledged that battle-worn British troops fighting a desperate holding action against Japan's invasion armies in the Irrawaddy river valley, had withdrawn at least fifteen miles to a line north of Magway.

Magway is the gateway to the Yenangyaung oil fields, China's chief source of oil supplies.

The British communique said that British troops in the Taunggyi sector were still "successfully protecting the right flank of the Chinese expeditionary force."

The main Chinese army, commanded by the American Lieut. Gen. Joseph W. Stilwell, is under heavy attack by Japanese columns striking from the south and threatened with being cut off by other Japanese invaders driving down from the northeast out of Thailand.

In the battle for the approaches to Australia, Japanese warplanes again raided Port Moresby, New Guinea, 300 miles across the Torres Strait from Australia and dropped 50 bombs.

In the Philippines, a Tokyo broadcast asserted that 50,000 Filipino and United States soldiers, including 9,000 Americans, had been captured on Bataan peninsula up to yesterday—10,000 more than Tokyo claimed on Tuesday.

COAST TOWN ASSAILED

London, April 17.—(P)—Clearing weather unleashed a great wave of RAF planes today for their virtually ceaseless offensive against the German-dominated continent, and Nazi bombers struck back savagely at a south coast town which they said was Southampton.

A great force swept northern France and returned across the Strait, preceded by the angry sound of German anti-aircraft batteries on the occupied mainland coast. Spitfires blanketed the great area as they continued the shuttles of destruction across the waters at 20,000 feet. The first wave was followed inland over France by a second force.

The German high command said 11 British planes were destroyed over the channel and English south coast yesterday in violent combats. The Germans said supply installations were attacked "with good results" at Southampton with high explosive and incendiary bombs.

Early this morning enemy planes dropped bombs also at a west country town and roared away before ground guns could come into action.

The two waves of RAF raiders were followed in the afternoon by a strong mixed force of bombers and fighters who headed southeast (Turn to Page Eight)

SMOKER WHIPPED BY
WOMAN RAID WARDEN

Newark, N. J., April 17.—(P)—A recalcitrant cigarette worker, whose refusal to obey a woman air raid warden's demand he cease smoking during a test blackout brought him a rawhide whipping was sentenced to a year in jail yesterday for disorderly conduct.

Judge William Intermann in imposing the sentence on Archie Otom, 47, of Newark said he hoped the prison term would be a lesson to the person who failed to heed instructions in the blackout of metropolitan New Jersey Wednesday night.

The warden, Mrs. Esther Gialanella, was given the whip for protection by her husband when she went on duty.

She said the man made an indecent proposal and grabbed her arm after she demanded he stop smoking. When police arrived she was wielding the whip.

Says Output
Hampered By
Managements

Camden, N. J., April 17.—(P)—John Green, chairman of the CIO Shipbuilding Workers' Union, charged today that shipyard managements are hampering production and declared in some cases "men are definitely instructed by their bosses to loaf on the job."

In a letter to Congressman Carl Vinson, chairman of the house naval affairs committee, Green said managements "are not overly excited about expediting production since their costs are guaranteed and likewise their profits."

He cited many instances of what he called "gross inefficiency" and "wasted man power" at yards in Boston, Long Island and Mobile, Ala., and said the union had submitted a "large number of these cases to the appropriate government agencies, including the maritime commission, but have not heard of any action being taken."

At the Greenport Basin and Construction Company yard, Long Island, he continued, "three officials used mechanics from the yard to improve and modernize their homes and farms last summer while they were supposed to be working on navy contracts."

Green denied statements he said were made by maritime commission officials accusing the union of slowing production by agitating for a closed shop.

Washington, April 17.—(P)—President Roosevelt and Canadian Prime Minister W. L. MacKenzie King disclosed today a conference would be held in Ottawa early in May to which representatives of all United Nations with air training programs underway in this country or Canada, will be invited.

A joint statement by the two chiefs of government, released simultaneously here and in the Canadian capital, said that the purpose of the meeting "lies along the lines of further united military efforts."

The statement noted that great progress already had been attained in pooling airplane production of the United Nations.

Agitation For
Welded Staff

BY DREW MIDDLETON

London, April 17.—(P)—Agitation for a combined general staff which would integrate Britain's three fighting services as one gigantic combat team is growing in influential London circles considering reverses in the Pacific war and successes in European coastal raids.

Observers said Britain was near the end of fresh manpower resources, and the obvious answer was to employ more efficiently those already in the army, navy and Royal Air Force.

Commando thrusts against German continental bases are cited by informed sources as a model in their use of the three arms.

The London visit of Gen. George C. Marshall, U. S. army chief of staff, and the appointment of Lord Louis Mountbatten, adventurous cousin of King George VI, to lead the invasion-trained commandos focus attention in the British-American role in battles of 1942.

BLAZE IS SUBDUED

Gettysburg, April 17.—(P)—Fire that roared over more than 2,000 acres of brush and timberland on nearby South Mountain was checked today after an all-night fight and District Forester Thomas Norris said four separate blazes were of incendiary origin.

Norris began an immediate investigation, assisted by state police from the Chambersburg barracks, and asserted he had a "good idea" of who was responsible.

More than 300 volunteers fought the fires—worst in the district in 11 years—and 60 soldiers were sent from Carlisle.

Damage to state and privately owned forest lands mounted into the thousands of dollars. Hunting lodges in the Timbimbin run area were believed lost while the community of Wrensville with a population of several hundred was threatened.

Declaring that four blazes which broke out in an eight-mile section within three hours were of incendiary origin, District Forester Norris summoned state police for an immediate investigation. He knew of no logical reason for setting the fires.

Emergency fire crews, state foresters and wardens along with students from Montalto forestry school, succeeded in bringing under control one blaze which covered some 1,000 acres in the vicinity of the summer resort at Laurel Lake.

Other conflagrations at Gray Ridge, Pigeon Roost and Tumbling Run roared through the night, prompting dispatch to the scene of 60 soldiers from Carlisle barracks and 70 volunteers from Dickinson College.

OIL BURNING UNITS
MAY BE USELESS SOON

Reading, April 17.—(P)—Anthracite operators expect oil-burning units in approximately 850,000 homes in the east will have to be converted to the use of other fuels, mainly coal, before next winter.

Heavy losses of tankers and increased consumption of oil products in the war program will force the change, said Frank C. Wright, Washington representative of the Anthracite Coal Operators Association.

Reports of Minute
Men Are Encouraging

Several air raid wardens have reported early today to leaders in the Pledge for Victory campaign, that in most instances they found people at home in their districts last evening, and had a ready response to the request for pledges. Those reporting said that everyone seemed to be expecting the calls of the air raid wardens, and seemed to be well informed as to the subject to be presented to them. It was apparent that the newspaper publicity which has been so complete during the past week, together with the advertising of many public-spirited citizens and the installation of the pay roll allotment plan in many industries as well as radio comment, together paved the way for the work of the Minute Men, which will continue during the next few days.

Decrease In Use of Cars Being Urged

With the number of applications for retreat tires far exceeding the quota, members of the Warren County Commodity Rationing Board declared this morning that it would be impossible to supply all applicants desiring retreats.

At the present time the number of applications are exceeding the monthly quota of about one hundred tires by more than 200 percent, it was stated. A large percentage of the applications for retreats are from men engaged in defense industry.

While the regulations permit the rationing boards to allot retreats to defense workers, it was pointed out today that only those with vital defense jobs should apply for the tires.

"Those living on bus lines should use public transportation, rather than their own cars," it was stated. "Persons residing within a few blocks of their plants should walk to work."

In many cases, it was pointed out, persons working in defense industries have applied for tires, even though they might use their cars only a small part of the time for going to and from work and then driving on pleasure trips in the evenings.

These people, it was stated, must confine their driving to that necessary in order to keep industry going.

"There is little prospect of the retreat tire quota being increased while the war lasts," the board said today. "Therefore, it is the patriotic duty of every citizen to conserve as much as possible."

At Library Theatre Friday and Saturday

The hilarious romance of a college professor and a night club queen is the theme of "Ball of Fire," Samuel Goldwyn's new romantic comedy, co-starring Gary Cooper and Barbara Stanwyck.

Hailed as one of the funniest offerings in many years, the picture deals with the strange happenings that occur when the professor, one of a group writing a new encyclopedia, invites the singer to visit them so he can get some first-hand information on slang for an article in the forthcoming work.

The girl speedily upsets the lives of the eight professors, including that of her original sponsor, with whom she falls in love. Unfortunately, a gangster hiding from the police, is also an admirer of the entertainer, and matters become highly complicated when she tries to decide which of the two men she will marry.

Dana Andrews, Goldwyn's new "find," plays the gangster, and a brilliant group of character actors, Oscar Homolka, Henry Travers, S. Z. Sakel, Tully Marshall, Leonid Kinskey, Richard Haydn and Aubrey Mather, are cast as "Prof." Cooper's learned associates.

field, Paul Mays, Olanta; Clarion, Merritt H. Davis, Clarion; Elk, E. R. Coppello, St. Marys; Erie, William C. Carney, Erie; Forest, Charles Osborne, Tionesta; McKean, Martin Hansen, Bradford; Mercer, Guy Thorne, Greenville; Venango, W. Forrest Sharpnack, Oil City.

News From The Southland

Camp Livingston, La., April 17.—The Warren boys stationed here with the 112th Infantry, Federalized National Guard, are still talking about their Army Day parade at Texarkana. This city lies half in Texas and half in Arkansas, and the boys got a big kick out of walking down the center of the main street with one foot in each state.

State-straddling was by no means the only sport found in Texarkana and the delighted troops attended a U. S. O. dance which rapidly became a Sadie Hawkins event, since there were at least four girls to every soldier. The troops bivouacked at Spring Grove park in the great luxury. In fact, when it rained, many of the pup tents were found to be equipped with running water.

First Sgt. Joseph L. Schearer and Sgt. Allen L. Lawson, both of Warren's I Company, have been

selected for the honor of attending the officer candidate school at Fort Benning, Ga. By the time you read this they will have started on their three-months course.

Three I Company corporals have been promoted to the grade of sergeant, according to a recent announcement. The new sergeants are Elmer Springer and Orvis Kinch, of Warren, and Samuel Bowers, of Youngsville.

The following first class privates have made the transition to corporal: Clarence Conklin, James White, Robert Greer, Frederick Swanson, and James and Robert Ferry, who are cousins.

Bear Lake

Bear Lake, April 12.—Mr. and Mrs. Harry Sine, of Cleveland, O.; Mrs. Elgia Dalrymple, of Erie, spent the weekend with George Hall and Mrs. Georgia Smith, their father and sister.

Clare Chapman, who has been quite ill, is reported as being a little better. Geraldine Chapman and Joyce Smith spent Saturday with Mrs. Beatrice James, at Lakewood, N. Y.

The Bear Lake Woman's Club held their first meeting after the winter recess Thursday afternoon, April 9th, at the home of Mrs. Charles St. John. Mrs. Edith Wheeler was appointed to act in the absence of both president and vice president. After the regular business meeting a quiz was con-

DIVISION "B" 48 Complete Personnel In Training In Local Class

E. H. Ley, chairman of Division "B" in the 1942 Community Chest campaign, has announced the complete personnel of his committee, it was reported at the Chest headquarters today.

Those serving in the five subdivisions are as follows:
Group B-1—George S. Frantz, chairman; Donald Curtis, Ernest G. Garber, Guy McKinley, Homer M. Mohr.

Group B-2—Alan H. Templeton, chairman; Harold A. Bengtson, Lynn Branch, Russell Dietsch, Arthur L. Langdon.

Group B-3—Earle G. Flohr, chairman; Floyd Carter, Richard Ross, Dr. W. J. Sedwick, Clarence Swanson.

Group B-4—Myron E. Jewell, chairman; Paul E. Harrington, Grover Lind, R. R. Radspringer, George Wholeben.

Group B-5—E. M. Branch, chairman; Moss A. Connelly, Guy Edris, Elmer Lundahl, Andrew Nelson.

"We had a grand meeting on Wednesday," Mr. Ley said, "in spite of the Victory Parade and the opening of trout season. Those who were not on hand had reasonable excuses I think, and I am glad they made previous arrangements with their respective chairmen who handled their part of the meeting in their absence."

"The job of our group this year is more important than for any other one hundred thirty-seven accounts assigned to us. These include all types of concerns and are scattered throughout Warren. The total support of these concerns to last year's Community Chest had not been accurately determined at our meeting, but I will be greatly surprised if the amount is not a substantial one."

"All of us agree that we must strive for increased contributions all along the line, and I feel confident that with the continued active participation of each member of my committee Division B will more than carry its load in the Campaign. In the meantime the Division B accounts are being reviewed by the Campaign committee to complete the analysis of all unit accounts for the coming appeal."

The Community Chest was well represented in the Victory Parade on Wednesday night. The Salvation Army Band led a division. The Boy Scouts, the Girl Scouts, the Y. W. C. A. and Y. M. C. A. marched as units and the Visiting Nurses and Warren Relief Associations both had a unit in the procession. In addition the United Lumber Company generously allowed the Chest to use one of its trucks to display its Pledge of Cooperation to the Victory Campaign in the form of a large lean-to sign.

WITH THE CANDIDATES

DAVIS AT PITTSBURGH

Pittsburgh, April 17.—(P)—A new state-wide Republican ticket, headed by U. S. Senator James J. Davis and opposing the Republican organization candidates, entered the field today in Pennsylvania's lively primary campaign.

Davis, who opened his campaign for the gubernatorial nomination here last night, said the ticket was formed "to battle the greatest concentration of wealth the state has ever seen."

He announced the slate as: Davis, for governor; William J. Hamilton, Jr., Philadelphia, for Lieutenant governor; William F. Smith, Punksutawney, for secretary of internal affairs; Judge John S. Fine, Luzerne county, for state supreme court justice.

He said the group "would not oppose" Judge Joseph Stadfeld of Pittsburgh for re-election to the supreme court.

The senator's opponent, Major General Edward Martin, has said that "civilian experience cannot prepare a man to deal with" the problems of total war.

MARTIN AT ROCHESTER

Rochester, April 17.—(P)—Major General Edward Martin, said last night that John L. Lewis would become "the food dictator of America" if he succeeded in organizing farmers into the United Mine Workers Union.

"He wants their dues and he wants to restore, by using the farmers of Pennsylvania as his 'front men' and stooges, the political power he lost through his anti-war tactics," Martin, a candidate for the Republican gubernatorial nomination, said in a campaign address.

"His levied tribute would be added to the cost of every pint of milk you buy, every egg you eat, every bit of farm produce on your table," Martin said, pledging himself to fight "anti-labor legislation."

Martin yesterday pledged he would oppose "any such effort to levy tribute" and called upon U. S. Senator James J. Davis, his campaign opponent, to give his views. Davis, in a statement at Pittsburgh last night, said: "I am opposed to the levy of tribute on any person, anywhere at any time."

Forty-eight students from the Warren class center have been awarded certificates of completion for having satisfactorily passed courses in the Pennsylvania State College's fourth engineering defense training program. M. T. Bunnell, superintendent in charge of class centers, announced today.

A similar fifth program of federally-financed courses designed to train men and women for work in war industries is now being offered in 135 towns and cities throughout the state, including Warren. The classes are conducted under the Engineering, Science, and Management Defense Training Program of the United States Office of Education.

Certificates of completion were awarded to students in the following courses:

Chapter Eight Conflict

KURT was waiting for them at the entrance to the Officers' Club.

"Hello, everybody, aren't you nice to come?" he said and Stephanie imagined for a moment that he was saying it directly to her. But then Vicky spoke up. "Aren't you nice to ask us to come?" and linked her arm through his possessively.

Stephanie just went on smiling while she prayed her own thrilled excitement didn't show. Kurt took them first into the huge lounge where officers and their guests hovered around the big fire burning briskly in the great stone fireplace.

"Want you to meet some of my pals," Kurt said and introduced several young officers and their pretty wives.

Stephanie acknowledged introductions automatically while her mind was busy with details of Kurt's very warm, the very obvious devotion some of the men had for him, and from all directions he was hailed with hearty greetings, or flatteringly charming smiles. Not that Vicky wasn't doing her all to intercept his attention, keep it riveted on herself.

And, Stephanie noticed, she wasn't doing a bad job either. Vicky knew all the angles. She could maintain a sparkling stream of light chatter apparently indefinitely and keep everyone laughing, watching her pretty features. While her tongue-tied cousin stood stupid as an owl, Stephanie beamed herself silently.

She sat next to Kurt at dinner. But with Vicky on his right, Kurt might as well have been in the next county. Stephanie forced an animated conversation with Henri about bass fishing on the upper Bay about which she knew little and cared less. And then Kurt did murmur, under the cover of general conversation,

"Haven't you even a word to throw my way, or are you going to talk to him about boats and bait all evening?"

Stephanie heard the smile in his voice but she didn't dare look up lest he see the wanton hunger in her eyes. So she buttered a bit of roll deliberately.

But to talk about bait than to swallow it," she flipped, and then could have bitten her tongue out. It sounded so sarcastic.

He looked at her quickly—a little flicker of scorn from the corner of his eye. "Some bait's pretty tempting," he said coolly and then smiled as a tide of color surged into Stephanie's cheeks and the bite of roll caught in her throat.

Torment

CHOKING, she gulped water frantically. But it burst forth noisily, attracting everyone's attention and bathing Stephanie's flushed cheeks in a stream of helpless tears.

Kurt, patting her back gently, finally drew her to her feet, led her out of the dining room into an open court beyond.

"Sounds as if you'd been trying to swallow something that wasn't good for you, yourself?" he teased a moment later when her coughing had subsided a little.

"I'm sorry," she gasped dragging at her breath. "Embarrassed to have made such a scene."

"He laughed. "Forget that." And pulling her hand through his arm. "Let's walk out here. Give you time to get your breath and—"

glanced down at her with a wide grin. "Your nose powdered!"

Still mopping at her eyes and not at all sure that the tears were entirely from the coughing, Stephanie fought hard for control.

"It's lovely out here," she managed finally as they walked through the gardens toward the tiled pool winking in the moonlight.

"Seen our new swimming pool before?" Kurt asked as they stood looking down into its mysterious shadows.

"No, it looks wonderful." "Will you try it some day?" "I'd love to."

"Good." Then with a slow

NEW FLAVORED WHOLE WHEAT CEREAL

From the Original Shredded Wheat Bakeries at Niagara Falls

SPoon-SIZE AND FLAVOR-MELLOWED.. MY, THEY'RE GOOD!

Shreddies
SHREDDED WHOLE WHEAT
Flavored with Malt Sugar and Salt. Calcium and Sodium Phosphates added.

...that's what 4 out of 5 have already said!

It's happened! A brilliant new flavored whole wheat cereal has come from the original Shredded Wheat bakeries at Niagara Falls.

Shreddies are a grand, handy spoon-size. Tender and crunchy at the same time. And they boast whole wheat's natural goodness flavor-mellowed by an exclusive Nabisco process.

All this, and whole wheat's nourishment, too. The whole grain, with its famous complement of food essentials. In actual tests among people like yourself, 4 out of 5 liked Shreddies. And so, say we, will you. Your food dealer has them; look for the famous red Nabisco seal on the package. National Biscuit Company.

CONDITION GOOD

Reports from the Warren General Hospital today stated that the condition of Robert Carlson, 23, of 716 Pennsylvania avenue, east, who was injured in a railroad accident at Sheffield yesterday afternoon, is good. Carlson, a fireman for the Pennsylvania Railroad, was working in the yards of the Pennsylvania Glass Bottle Company at Sheffield and was standing on the gangway between the locomotive and tender when he dropped a glove to the ground. As the engine was moving slowly, he stepped off to secure the glove. Climbing back on the engine, he misjudged the clearance between the locomotive and a loading platform and was squeezed about the chest and body. X-rays were taken this morning to determine the full extent of his injuries.

**Senior Class Play
Is Proving Popular
In Many Localities**

The popularity of this year's senior class play is seen in announcement that "Ever Since Eve" was given recently as a James High School presentation. It is holding the spotlight at Youngsville and Kane high schools this week and will be produced at Corry on April 24.

Scheduled for production here on the evenings of Thursday and Friday, April 23-24, the play has aroused much interest and it is anticipated that a full house will greet the opening curtain on both nights. Reservations will be accepted in the high school corridor next Tuesday, starting at 12:30 P. M.

"Ever Since Eve" was produced in June, 1941, at the first national high school drama conference at the University of Indiana and since that time has been scoring successes and receiving plaudits wherever presented. Press clippings from many towns and cities are very enthusiastic in its praise.

R. D. DIVISION
The R. D. Division of the First Methodist W. S. C. S. held its regular meeting in Dunham parlors, with 25 in attendance. Elizabeth Reed was in charge of devotions; Alveda Templeton reviewed the topic, "The Work of the Women in the Church"; Margaret Holmes reviewed the first half of the book, "A Christian Imperative". Refreshments were served by Maude Tritt, Myrtle Flohr, Gertrude Babcock, Margaret Grosch, Mary Keller, Margaret Erickson and Margaret Pittman.

NOTICE
The LaVogue Beauty Salon will be closed Sat. and Mon. in preparation to opening Mon. evening in new location in I. O. O. F. Bldg., Hickory St. 4-17-42

The famous English dramatist, George Bernard Shaw, wrote most of his plays in shorthand.

Many species of tropical insects suspend their nests in midair, as a protection against ants.

Just SCRAPS

Here are two good rules to follow in raiding your basement and your attic: 1. Don't dispose of anything that you would have to replace. 2. Don't keep any article just on the chance that, some day, somehow—maybe ten years from now—you might be able to use it.

Tomorrow's the Big No. 1 Day of the Warren County Salvage drive. Collection Day! And remember, it's no ordinary salvage. It's Salvage for VICTORY!

This collection is not just a new and agreeable outdoor sport for a fine Saturday in spring. It's a grim business, a vital business. Don't take it lightly as you go down into your basements. Take it seriously. Remember that a piece of old iron dug out of the corner may become a piece of a gun that will save a lad's life on some far battlefield; or an airplane that may rain hell on Tokyo.

Collect your paper—waste paper, wrapping paper, cardboard cartons and boxes, paper bags. They're needed to make new paperboard to wrap foods, airplane and tank parts, shells, ammunition. Put the magazines in one pile. Put newspapers and other papers into another. Put cardboard into a third. Wrap them all neatly and securely with twine or rope.

Collect your old rags—cast-off clothing, burlap bags, draperies, pillows, mattresses, discarded carpets. These can be used in factories for wiping rags, and for roofing and flooring materials in emergency construction. Bundle them neatly.

Scrap metals—iron, steel, brass, copper, aluminum, lead. Dispose of discarded tools, metal beds, stoves, railings, tire chains, pots and pans, picture frames, hangers, pipe and hardware, batteries, and anything else made of metal. To be melted up and cast into guns, tanks, and planes.

Old Rubber—discarded auto tires and tubes, rubbers, overshoes, hot water bottles, anything made of rubber. Vitally needed.

Clear glass and brown glass. Keep them separate. If possible break the glass into small pieces and put in baskets, the clear in one basket, the brown in another. If not possible, put out the bottles but keep them separate.

Tin cans. Be sure they are washed clean. Knock out the top and bottom. Flatten the rest of it by stepping on it. Foods cans are wanted, not paint cans.

Have everything on your curb by noon. Trucks will start collecting at 1 p. m. and will keep at it 'til they are through. If you wish to donate what you have, it will be sold by our Committee and proceeds will go to the U. S. O. If not, you may sell it yourself to the junk dealers at registered prices.

Mike Bleech of the Warren Bank & Trust Co. has consented to act as Treasurer of the Salvage Committee.

Elton Barton of Youngsville has completed a setup whereby Mr. and Mrs. H. G. Franklin of Pittsfield are conducting Salvage operations in both Pittsfield and Garland.

The Scrapper's most heartfelt thanks goes to Publisher Will Walker and Editor Ed Lowrey of the Times-Mirror for their patience and help in furthering the Salvage for Victory campaign.

Remember! Tomorrow's the Day!

Farmers Aid In Drive To Gather Scrap

Cards sent throughout the county to farmers asking them for any scrap they might have, are being returned to Allen W. Gibson at the court house with little delay. Fifteen hundred cards were mailed Tuesday and about 50 have already been returned, with the amount and type of junk possessed by the farmers, which they wish to contribute to America's drive for victory according to a report from Gibson this morning. Approximately 50,000 pounds, or an estimated 25 tons, have been pledged to the Salvage for Victory committee by the county farmers. Also in connection with the salvage campaign was the placement of boxes, filled with scrap, around the town's business section late yesterday afternoon. This move was made by the committee in an effort to advertise the campaign and stimulate civilian interest.

D., Bishop of Erie, will confirm the candidates and preach the sermon. A similar service will be held at 7:30 p. m. at St. Luke's Episcopal church in Kinzua. A cordial invitation is extended to all to attend either service.

WORK IN EXHIBIT

Comment of New York art critics on the spring exhibition of the Academy of Design is of considerable local interest, since two Warren artists are represented. They are Gene Alden Walker's "basulically executed picture of 'The Letter'" and Marion Sanford's "Miss Chapin Working," one of the most interesting things in the exhibition. Another writer dwells on the fact that from more than 1,300 paintings only 241 were selected, no two by the same artist. Miss Walker's painting is one she did while in Florida and Miss Sanford's sculpture piece is a portrayal of the well known sculptor, Cornelia von Chapin.

The snapshots were made by R. P. Eaton and Everett Borg, and show many interesting features of the parade and its numerous marching units and floats. These current pictures will remain in the bank window over the weekend.

George Selkirk, Yankees—Hit pinch double scored two runs in ninth for triumph over Senators.
Ernie Lombardi, Braves—Singed home both of Boston's runs, one of them in tenth inning to set Phils, 2-1.

Maximum Performance

"And there's another box of vitamin-filled, power-generating, speed-producing Crunchies for Home Run Schmaltz."

BY JUDSON BAILEY

Associated Press Sports Writer
The Boston Red Sox scored 19 runs yesterday for what may stand all season as the largest score by one club. The victims were the Philadelphia Athletics, who scored four runs just for exercise, certainly not for competition.

The Red Soxers, who had ripped out 24 hits in their first two games with the A's, made 21 yesterday and tallied in every turn at bat except the second inning. Ted Williams hit his second home run of the season and Dominic DiMaggio posted one.

There were other wild games, but some extraordinary recognition ought to go to the 12-inning struggle which Cincinnati captured 8-7 from Pittsburgh to knock the Pirates out of their share of the National League lead.

The Brooklyn Dodgers won the rubber game of their series with the New York Giants in the same fashion, 4-2.

The New York Yankees had a strange game. Manager Joe McCarthy gave the starting signal to Lefty Gomez. Washington wheeled one run in every one of the first five innings and the Yankee batters had to keep busy themselves to stay abreast of the Senators. Marvin Breuer relieved Gomez and muzzled the Senators and in the ninth the Yanks set off their cannon crackers—a single, two doubles and a triple—to win 8-5.

Rookie Vernon Stephens hit his second home run in two days as the St. Louis Browns humiliated the Chicago White Sox again 13-3. Rudy York hit his second round tripper in two days and Rookie Don Ross connected for one in the eighth inning to provide the margin of a 5-4 victory for Detroit over Cleveland.

The St. Louis Cardinals won a track meet from the Chicago Cubs 11-6. Each team made 14 hits and three errors.

The Pittsburgh Pirates not only had won both of their trials prior to yesterday's outing in Cincy, but had also gone along through 18 innings with a spotless fielding slate. . . . In Wednesday afternoon's Buc-Reds fracas, fielding feature was turned in by Jimmy Waddell in right field. . . . In the sixth inning the Reds had men on second and third, no one out. . . . A fly to right was taken by Waddell and the Brooklyn castoff threw to home plate where Al Lopez caught the runner trying to come home, for a neat double killing. . . . Both Max Butcher and Lloyd Dietz have scared the Pirate fans a bit with a little spell of wildness, but they've been able to snap out of it in time to halt the enemy. . . . Babe Young, husky left-hander of the New York Giants has lost his second appeal for revision of his 1-A draft classification, and probably will be batting on Uncle Sam's team within a month. . . . Charles Webber, youngster in the sixth grade in an Oil City school, pounded no less than eight homers in one game against the fifth graders. . . . Final score was 27-14. . . . We ask anglers to please report their catches the following morning to the T-M sports department. . . . That is, if the fish taken are something to rave about. . . . Tell us, we'll do the raving for you. . . .

QUALIFYING SITES GIVEN FOR TOURNEY

New York, April 17.—(P)—Eighty regional qualifying sites were selected today for the Hiale America National Open Golf Tourney, the competitive links officials hope will keep the players swinging this summer for fun, for health and for the emergency funds of the armed services.

The 72-hole final of the meet which replaces the war-canceled National Open, is slated for Chicago's Ridgemoor Country Club, June 18 to 21, with the Naval Relief Society and the United Service Organizations as the financial beneficiaries.

Seventy-eight of the regional 36-hole qualifying meets will be held on Monday, May 25, with the other two a day earlier.

The regional qualifying meets will be followed by 64-hole sectional tournaments with from 30 to 60 players advancing from the first round to each of the 12 second rounds meets early in June.

Qualifying sites for the 36-hole regional tournaments on May 25 include: Pennsylvania—Erie, Philadelphia, Pittsburgh.

Tryout With Dodger Farm For Anderson

Ludlow, April 17.—Clarence Kelly Anderson, 18-year-old Ludlow showman, has left for Staunton, Va., where he will train with the Brooklyn Dodgers' farm club. Anderson, while hurrying for the Ludlow Wildcats last year, attracted the attention of Jake Pittler, manager of the Olean entry in the Pony League, a Dodger farm. He was ordered to report this week for a tryout with the regulars.

Anderson, who will be 19 in May, is six feet tall and weighs 161 pounds. He is the son of Mr. and Mrs. Axel K. Anderson.

Baseballers Set New Goal

New York, April 17.—(P)—A united, all-out war effort was baseball's goal today as Commissioner Kenesaw M. Landis, the shaggy, white-haired czar of the national pastime, gathered the leaders of the sport in a hotel room here to confer with army and navy officers on a program that would extend from the major leagues down to the smallest minors.

"We want to get the minors in on this, we want to work out something everybody can help on," Landis said yesterday as he disclosed that he had asked William C. Bramham, president of the National Association of Professional Baseball Leagues, and Frank Shaughnessy, president of the International League and a member of the executive committee of the national association, to attend today's session.

NAMELESS SIX WIN TITLE IN NET TOURNEY

The Nameless Six are no longer such. Today, they are city champions of volleyball and they earned the title the hard way last night on the Y. M. C. A. basketball floor.

Taking straight games in the finals, they eliminated the New Process in three contests in a best of five game series.

The Process never got started in the first game as the Nameless Six whipped up an attack that gave them a 21-9 decision. The second and third encounters found them trailing at the halfway mark, only to come from behind to win both contests by the same count, 21-19.

The Nameless Six was at a disadvantage in last night's eliminations, having to eliminate the St. Paul's Lutherans in the semi-finals by scores of 21-17 and 21-14, before tackling the Process, fresh and ready for the finale.

Players on the championship outfit are: Dean Nelson, Bob Lunkvist, Mike Blech, Ray Hammerbeck, Johnny Pick and Jim Urbanick.

John Hopkins, game warden, also reported catching the limit of brook trout on opening day.

Cleveland Teams Take ABC Places

Columbus, O., April 17.—(P)—Cleveland teams took fourth and fifth places in the American Bowling Congress five-man standings last night.

Eddie Linsz Recreation shot 3,066 for fifth, with games of 1,001-1,042-1,023.

It was announced today by Thad Lawson, proprietor of the Arcade Recreation, that postponed games in the City League will be rolled next Tuesday night, starting at eight o'clock.

The matches to be rolled find Texas Lunch pitted against the Warren Bakery and McCabe's Restaurant facing Darling Jewelry.

Bowlers involved in these matches are asked to be prompt next Tuesday night.

Anglers Are Reticent As To Successes

Late reports received on the opening day of trout season in Warren county revealed a few interesting tales, but for the most part anglers were reticent as to what they experienced as they inaugurated the 1942 season.

Best catch in the area reported to the Times-Mirror today was a 19-inch trout landed by Dick Ross, manager of the Western Auto Associates store here. Ross said his first day fishing along Farnsworth first day and snared four other smaller trout during the course of the day.

Several anglers who fished the Four-Mile run, reported less success but the average per angler taken in this area which was thickly populated by sportsmen, was three.

At Sheffield, an eighth grade student at the Lincoln school got the limit, but missed out on a half holiday as classmates were given the afternoon off to stroll along the streams in quest of trout. The youth, "Buck" Barner, started out at five o'clock in the morning and had his maximum before school started. He was the only boy in the classroom during the afternoon session.

John Hopkins, game warden, also reported catching the limit of brook trout on opening day.

Kalbfus Club Takes Shoot

Only two of five Warren Revolver League teams were present at the weekly shoot last night, therefore, it was a duel between the Complanter and the Kalbfus with the latter outfit smothering the Indians 1018 to 892.

Bert Werlin shot 269 for high individual during the evening and led the Kalbfus to the triumph. Knopf hit 257 for another good score for the winners.

Best for the Complanter was Johnny Schuler's 233.

Tonight the Warren and Jamestown pistol teams meet here on the local municipal building range in the final match of their long series through the winter months.

The two top teams in the Arcade Commercial League crossed paths last night, and it was all for the better of the league leading Bradford Penns, who took three points from a scrappy, but outclassed 3-G Oil five.

Pact Impeded Sale Of Arms Witness Says

Allen Bobey, special assistant to the attorney general in the anti-trust division, recited to the committee from a 34-page statement matters which he said impeded American ammunition sales to Britain for war use, but then noted that in the last few days Remington and the British purchasing commission had supplied more information.
The witness explained that the treaty was a priming composition for firearms and munitions.
Dobey's charges surprised members of the senate committee and Senator Lucas (D-Ill.), La Follette (Prog-Wis) and Bone (D-Wash) asked if the agreement itself was operating.

The anti-trust lawyer said counsel for Remington Arms informed him they had broken the agreement not to sell to England and other parts of the British empire in recent days.

The Germans have now ceased to speak of the long-heralded Nazi "spring offensive," and London commentators said the big German push probably would not come until mid-June.

The Russians also conceded that the Germans were attacking on the northern front, where Soviet dispatches said the Russians had captured a large fortified position in the vicinity of Staraya Russa.
